The loading dock tables are as standard equipped with following:

- 8 mm steel plate on platform instead of 5 mm as the standard table
- Oil filled minus side of cylinders
- Reinforced platform with more profiles
- Service hatch in platform
- Mechanical bottom stops
- Lifting eyes
- Two component paint 120 my

X The "max Width" is only valid when using the standard length of table.
 All models include complete steering and possibility for later connecting for gates, doors etc.
 Please note that the carlift tables can not be used as traditional lifting tables.
 The construction of platform regarding profiles, thickness etc, is designed only for cars.
